BEHIND THE LENS

The 2026 Showreel

HOW IT WORKS

The FOCAL Method

Four weeks from first call to final delivery. No deck, no discovery phase, no invoice surprises.

01 — **Listen**
A ninety-minute call. What are you actually selling, and to whom. We take notes, you do most of the talking.
WEEK ONE

02 — **Frame**
Treatment, references, shot list, budget. You approve every line before anybody books a van.
WEEK TWO

03 — **Make**
One to three shoot days. You are welcome on set, encouraged to bring snacks, and asked to bring one decision-maker rather than a committee.
WEEK THREE

04 — **Finish**
Selects, retouch, grade, delivery in every format you need. Two revision rounds included, a third if we got something wrong.
WEEK FOUR

TESTIMONIALS

What Clients Say

★★★★★

"They shot our entire spring line in two days and somehow made a bag of coffee look like it belonged in a museum."

MV **Marisol Vega**
Brand Lead, Caprock Provisions

★★★★★

"You did not make us look like a coffee brand. You made us look like ourselves, which is the thing we could never figure out how to do."

RD **Ray Delgado**
Owner, Sunbelt Roasters

★★★★★

"Fourteen posters in three weeks, and every single one of them ended up on somebody's wall. That has never happened to us before."

JT **June Tran**
Booker, The Blue Light
